The Director,
CSIR-Indian Institute of Chemical Technology,
Ministry of Science and Technology, Government of India,
Hyderabad

Subject: Request for Visit to CSIR-Indian Institute of Chemical Technology for
Students of MIPER, Kurnool Reg.

Dear Sir,

My name is Dr. J. Ravi Kumar Reddy, Professor & Principal, Mother Theresa Institute of Pharmaceutical Education & Research (MIPER), Kurnool 518 002, and I am writing to kindly request a visit to your esteemed Organization, IICT-CSIR Campus, Hyderabad, for a group of students from MIPER, Kurnool. As an educator/representative of MIPER, I strongly believe that such an opportunity will greatly benefit our students and enhance their understanding of research culture.

At MIPER, we strive to provide our students with hands-on learning experiences and expose them to real-world applications of the knowledge they acquire in the classroom. Your research center, renowned for its cutting-edge work in Pharmacology, Pharmacognosy, Natural Products etc is the ideal destination for our students to witness first-hand the advancements and innovations taking place in Pharmaceutical Sciences.

We would like to request a visit on **25th April 2023** for a group of 45 students, accompanied by 2 Teachers. The age range of the students is approximately 20 years, and they are currently studying B. Pharmacy II Year. We believe that this visit will significantly contribute to their educational development and inspire them to pursue careers in Pharmaceutical Research.

During the visit, we would greatly appreciate if our students could:

Have the opportunity to interact with researchers and scientists working in the field.

Observe ongoing research projects and experiments, if possible.

Attend informative presentations or workshops related to Pharmacology, Pharmacognosy, Natural Chemistry, Biochemistry/Biotechnology etc.

Gain insights into the practical applications of the theories and concepts they have learned.

We understand that your research center operates under strict protocols and may have limitations on the number of visitors or specific requirements for visiting groups. We assure you that we will comply with any necessary guidelines or conditions imposed by the research center and ensure the visit is conducted in an organized and respectful manner.

Furthermore, we are prepared to cover any associated expenses, such as transportation costs, entry fees, or any other charges that may be required for the visit. We sincerely hope that financial constraints will not pose a barrier to this valuable learning opportunity for our students.

We believe that a visit to your research center will not only expand our students' knowledge but also ignite their curiosity and passion for scientific exploration. The exposure to your state-of-the-art facilities, expert researchers, and ongoing projects will undoubtedly have a profound impact on their academic and professional aspirations.

Thank you for considering our request. We eagerly await your positive response. Please feel free to contact me ravikumarreddy.juturi@gmail.com, Phone: 7483069044, if you require any further information or have any specific requirements for the visit.

We look forward to the possibility of visiting your research center and creating an enriching experience for our students.

Yours sincerely,

Dr. J. Ravi Kumar Reddy, M. Pharm, PhD.

CSIR-IICT Visit Request for Students of MIPER, Kurnool

Sanjay B.D. <bdsanjay@iict.res.in>

Mon, April 19, 2023 at 3:48 PM

To: ravikumarreddy juturi <ravikumarreddy.juturi@gmail.com>

Dear Sir,

Greetings from CSIR-IICT.

Acknowledging your mail for a visit to CSIR-IICT, you are requested to please come by 9.30 AM. Tour is between 10 Am to 1 PM only. Send the list of students and Faculty with Phone nos and email id of the staff.

Any specific area of interest please let us know and for canteen mail to Dr M. Shyam Sunder - mamillass@iict.res.in.

Regards,

Dr SANJAY.

Senior Officer

Coordinator Visits.

PROGRAM REPORT

Industrial Visit Report: Educational Visit to IICT by MIPER Pharmacy College Students

Date: 25-04-2023

Location: Indian Institute of Chemical Technology (IICT), Hyderabad

On 25th April 2023 a group of 45 pharmacy college students embarked on an educational visit to the renowned Indian Institute of Chemical Technology (IICT), Hyderabad. The purpose of the visit was to provide students with an insight into cutting-edge research and advancements in the field of chemical technology.

The students were warmly welcomed by the institute's staff and researchers, who generously shared their knowledge and experiences. The itinerary included informative sessions, laboratory tours, and interactive discussions on various research projects being conducted at IICT.

During the visit, students had the opportunity to explore state-of-the-art laboratories equipped with advanced instrumentation. They witnessed live demonstrations of ongoing experiments and gained practical insights into various pharmaceutical and chemical processes. The researchers at IICT generously answered queries, fostering an environment of learning and curiosity.

Additionally, the students attended lectures by eminent scientists and scholars, covering topics ranging from drug discovery to sustainable chemical processes. These sessions provided a bridge between theoretical knowledge acquired in classrooms and real-world applications.

The visit proved to be highly beneficial for the students, offering them a glimpse into the dynamic world of research and development. It not only expanded their understanding of pharmaceutical sciences but also inspired them to consider future career paths in research and innovation.

In conclusion, the educational visit to IICT was a resounding success. The students expressed gratitude for the enriching experience, acknowledging the impact it had on their academic and professional aspirations. Such initiatives play a crucial role in bridging the gap between academia and industry, preparing students for the challenges and opportunities in the evolving landscape of pharmaceutical sciences.
