PROGRAM REPORT

DATE: 29-11-2022

Name of the program: Critical thinking in decision making

Resource person:

Sri Sai Ganesh Kumar N.
Youth Development Module Trainer
Contact details: 8143743598

The department of English organized a one-day workshop in the college on dated in the Seminar Hall, from 10.00 to 5.00 pm to develop the creative thinking skills among the students. Critical thinking is an essential skill in the decision-making process. In today's complex and rapidly changing world, individuals and organizations must make informed and rational decisions to achieve their goals and solve problems effectively. This report explores the importance of critical thinking in decision making, its key components, and how it can be cultivated and applied in various contexts. Critical thinking involves several key components, each of which plays a crucial role in the decision-making process. Critical thinking is a fundamental skill that plays a pivotal role in decision making. Its impact extends to various aspects of life, from personal choices to business and public policy. By cultivating critical thinking skills, individuals and organizations can make more informed, rational, and effective decisions, ultimately contributing to their success and the well-being of society. 33 students enrolled to attend the program Critical thinking in decision making.

PROGRAM REPORT

DATE: 12-08-2021

Name of the program: "Networking skills for career growth"

Resource person:

Mr.C Moses Anand

Lecturer

SRC BED College, Kurnool

©9052125746

mosesanand0052@gmail.com

To develop the soft skills of the students, a program was organized by all the departments in the college at their respective classes.

In today's highly competitive and interconnected professional world, networking skills are critical for career growth. It is a strategic and ongoing process of building and maintaining professional relationships. Effective networking helps individuals discover new job opportunities, business partnerships, and collaborations they may not have encountered otherwise. Being an active and empathetic listener is essential for understanding the needs and challenges of others in your network. Networking skills are an indispensable asset in the pursuit of career growth and success. By developing and nurturing professional relationships, individuals can access opportunities, knowledge, and support that may otherwise remain out of reach. Employing the strategies outlined in this report can help individuals not only advance their careers but also enjoy a more fulfilling professional life. Ultimately, networking is an ongoing investment that pays dividends throughout one's career.

PROGRAM REPORT

Date: 15- 06-2020

Name of the program: "A gate way to success"

Resource person:

Dr.A Sathish garu

M.B.B.S ., M.S (Ophthal)

Founder Director, MIPER

©9849332122

MIPER College organized the program. The resource person was Dr.A Sathish garu trained the students to choose the right way for success. On this day she said that Success is the defining characteristic that we human beings long for, whether it is personal satisfaction or some form of gain.

The simplest answer to success is "Opportunity". Opportunity is something that comes to people by itself or that people need to find or create on their own.

Opportunity is that gateway top success. She also said that opportunity is like a coin has two sides, one is "the experience", and the other is "the risk". She encouraged them to try and take up any opportunity, it will either turn into an experience of a lifetime or a lesson learn! by failure. That elusive yet attainable goal of "success"

She said that enhancing the communication skills in English can result to not only an improved social life, but also better job opportunities in the future. Proper language skills are super important for getting a good Job in today's time. It may damage the reputation due to miscommunication

The session was completed successfully with the coordination of all the teaching and non-teaching staff members. Totally 44 students was participated in the session very actively.

Resource person:

Mr.G.Isaiah

Lecturer

SRC BED College, Kurnool

☎9866420102

✉ isaiaho2@gmail.com

In today's dynamic and interconnected work environment, teamwork is a cornerstone of success. This report delves into the importance of collaborative skills, the key elements of effective teamwork, and strategies to nurture and strengthen these skills. Collaborative skills are essential for success in many facets of life, particularly in professional settings. Collaborative skills are the foundation of strong teamwork and the key to success in the modern work environment. Building effective collaborative skills requires clear communication, trust, shared objectives, and the ability to adapt to change. By implementing the strategies outlined in this report, individuals and organizations can enhance their ability to work cohesively and leverage the collective strengths of their teams. Ultimately, mastering the art of teamwork leads to increased productivity, greater job satisfaction, and a more innovative and successful work environment.

In the fast-paced, demanding world of work, achieving a balance between professional commitments and personal life is a critical challenge. This report explores the significance of stress management and work-life balance, their impact on well-being and productivity, and strategies to cultivate a harmonious equilibrium. Work-related stress is a prevalent issue that affects individuals across various industries and roles. Stress management and work-life balance are fundamental to individual well-being, overall job satisfaction, and productivity. By prioritizing these aspects, individuals can better manage the demands of their professional and personal lives. Organizations that encourage and support work-life balance foster a healthier, more productive workforce, leading to improved job satisfaction, retention, and competitive advantage. It is a shared responsibility to ensure that the art of managing stress and work-life balance is mastered for the benefit of both individuals and organizations. 30 Students enrolled for the program and the program was successfully completed.
